

## Stuart Johnstone

Assoc. Director + Hydraulic/Fire Engineer

Experience: 38 years – DSC: 13 years

- Masters in Fire Safety Engineering - UWS
- Diploma in Fire Safety Engineering - UWS
- Diploma of Hydraulic Services (Plumbing)
- Certificate IV Plumbing
- Member Fire Protection Association Australia

### Career Background

Stuart is reputed for his practical skill set and diligence in delivering projects successfully. He commenced his career in the plumbing and fire services industry, gaining valuable practical experience. Success led to Stuart operating his own plumbing company for 19 years, servicing a variety of government and commercial sectors.

Stuart progressed his studies in the engineering field and joined DSC as a Hydraulic and Fire Services Engineer. As a result of an ongoing passion for fire engineering, Stuart further developed his skills and now holds a Masters in Fire Safety Engineering. Recognizing his skill and exceptional performance, DSC promoted Stuart to Fire Services Associate.
